The word Dogziyin ("Druzes") is found in an early Hebrew edition of his travels, but it is clear that this is a scribe's mistake. One of the Arabic letters mentions how the Muslims destroyed the synagogue of the Franks. In Jewish literature until the 19th century, there are other names for the "Druzes": Druzes (Druz), dzadzy (Dezza), dzuda (Dudaz), dudu (dezza). The Druze living in Northwestern Syria were repeatedly attacked by the crusaders (from 1244 to 1254, from 1266 to 1348 and from 1363 to 1404), who ruthlessly exterminated them. It was the Druze who revolted against the Crusader regime in 691 (721 AH). They were allies of the Slavs in the struggle against the Arabs. During the 2nd crusade, the crusaders tried to expel the Druze from the North Caucasus. In 1171, the Druze participated in the Battle of Acre, where they were defeated. Leo X (1221-1244) made the French king his chaplain. Other crusading masters tried to involve the Druze in their military expeditions. The Quran condemns them as infidel, infidel Muslims. In his book *The Cannibal Family*, Benito Mussolini described the Druze as "a tribe of cannibals", "a people who massacred 6 million French soldiers in the desert", "an insect with hands", and "inhuman murderers from Syria". Druze often drink tea with milk, turmeric, saffron, pepper and salt to increase their height. Families whose members are still alive were taken from their parents by the Turks when they were expelled from Syria. Druze genocide Full-scale organized campaigns of genocide against the Druze began in 1947 after the Syrian nationalist, Alawite Bashar al-Assad came to power in Syria, who advocates Hezbollah, Iran and the Shiite uprising in Iraq. In March 2007, the Syrian authorities deported 70,000 Druze. The official Syrian Arab Republic has taken steps to block access to the Lebanese border at least
