Westerado: Double Barreled is Ostrich Banditos' homage to spaghetti westerns about a messy past, consequences, and managing your future. Thank you for your patience and understanding. Thanks also to the friends who helped us in writing this book. We hope you enjoy it. And above all, thank you for being a part of this story. In the days when there were no big cities, when the wild expanses of the prairies were full of enemies and friends, and the Indians lived on their reservations, there was a powerful and cruel group of people in white clothes. They were called "Crime Prevention Squads". They raided all the places where crimes were involved.
