

[Download](#)

Please note that it is not detected by most games if you try to use it with the disc that is in the package. Download the Xbox 360 emulator software and it's . will remember everything you did in previous games. Insert your regular game disc into the drive (or if you have already downloaded the game to your hard drive, simply insert the disc you want to use into the drive). If the game does not launch, check the list of games that the game is not compatible with to find out which game you need to download before installing the game that comes on the disc. The Xbox 360 emulator software must be installed to play the game on Windows.
