Auto-Blur Blur is the jiggling that happens at the edges of an image. By blurring the edges of an image the image's edges become softer and more pleasing to the eye. Generally you want an image to have no more than a subtle blur, as the image will look funny if it's too blurry. Auto-Blur is like a duplicate layer and, like auto-enhance, allows you to choose a specific set of edges to blur. It's a quick and easy way to soften the edges of an image and make it look more pleasing.

Meet the first cast ever to star in a Ben Sherman fragrance: A mural of the "gladiators" will stand in a shop window Meet the first cast ever to star in a Ben Sherman fragrance: A mural of the "gladiators" will stand in a shop window 1 / 33  
Dreamstime Illustration of female gladiator carrying shield. Few people know how to shop for men's clothes as well as women, but one who does is Ben Sherman. 'Tis the season for gladiators and fans of the original British company - which has also recently relocated to Covent Garden - were given a preview of the company's 2018 collection in the form of a giant mural celebrating 10 years of men's scent business. Using the hashtag #10yrs, the luxury department store invited guests to take part in an artistic day, which began with a performance at the end of which the company unveiled the mural. The event saw a return of the 'Gladiators' logo, which was created by the iconic fashion brand's art team. "Ben Sherman presents the first ever male range for 2018, and it's a year of celebration," said Jeffrey Hallock, general manager of Ben Sherman UK. "We've looked back over the past ten years and created a legacy for the men of our range with a sense of irreverence and creativity, as well as a sincere tribute to the uniform and armour of the Roman Army." Following the launch of the new fragrance line, the 'Gladiators' will be featured in adverts for the brand's various products.Q: Navigate controller to another page via segue/modal I'm using Swift 4 and would like to know how to navigate a new view controller in Xcode via a segue or modal view controller. The navigation is happening in a browser using url. Is there any way to do this other than manually building the app and updating Storyboard? A: You can do that with: let controller = (segue.destinationViewController as! ViewController) Q: Extracting data from quotes in CSV file I have a CSV file that contains a lot of rows, and a few of the rows contain two pieces of data. I'm looking to find how to extract the second piece of data, which is in quotes from the

\* The Magic Wand - the most useful tool when it comes to painting. Use the Magic Wand to select and paint any part of an image. It can be helpful when you want to retouch a photo. \* The Pen Tool - the more advanced brush in the toolbox. The Pen Tool allows you to paint with strokes, and is good for creating advanced designs in the image. \* The Airbrush - if you want to paint quickly, it is a good option. Use it to apply creative textures to an image. \* The Lasso Tool - if you want to draw a line for any reason, it is the tool you need. Use the Lasso Tool to create images, or objects in the image, with perfection. \* The Clone Tool - you can use the Clone Tool to select an area in an image and remove a color or an object from the selection. It is like a tape or scissors.
