A missed call is the unfortunate, yet common scenario of placing a phone call, only to find that there is no one at the other end. One phone company, and one place in China, manage to find a uniquely personal way of responding to these annoying callers. It turns out there might be a perfectly good reason for missed calls, and even if there isn't, they can be just as annoying as a nuisance call. And it's not just phones: You can have your tweets, Facebook posts, text messages, email, and other forms of communication stalked by those icky, cyber-stalking "missed calls" as well. In this video I will be sharing all the ways you could use in order to avoid getting your personal details misused.. Make a Calendar Alert, Automatic Syncro, Multiple Choice Questions, Lyrics and Favorite Music. This video is an answer to a question by a user who asked, "How do I share my iPhone bookmarks with a friend?". So, what is a bookmark? According to Wikipedia, a bookmark is defined as "an oblong piece of paper in the form of a card, disk, or plaque, which is given to a visitor of a website, to record that the visitor has noted a key place within the website. The visitor simply looks for the bookmark and can thus return instantly to the bookmark site at any time.". Learn how to use the mobile App, Google Chrome for ios on how to become a smart device user in order to make the most use out of your smartphone, tablet, and laptop..
