Resident Evil: The Mercenaries 3D is a third-person shooter developed by Nexuiz, and released on the PlayStation 3, PC, and Xbox 360 in May 2012. In the game, the player takes part in six missions on 6 different islands. The game features three settings: serious, ultra-violence, and survival horror, where the player can choose to play in single- or multiplayer. The game features the save system, placing the player's progress in a separate folder, where the content is unlocked by entering the codes that are saved during gameplay. Selection of weapons in the game are based on the former Mercenaries games, with the addition of a shotgun, a boomerang, and crossbow. Weapons are upgraded by using in-game money gained during missions. However, it is possible to obtain a complete roster of weapons by pre-ordering the game. The game also features the use of a health meter. The player's health is refilled during short breaks; once it reaches zero, the player dies. A game over occurs as soon as the player is attacked by an enemy, or is killed by a Bullet that is shot at them and misses. A cover system is also featured in the game. Once a character is pinned down by a Bullet, they may resort to use of the environment as cover, or can move to an adjacent position. As the game progresses, some areas of the environment become more intricate, with more cover and
