December 21, 2012 â€” All said and done, Yeto Vellipoyindi Manasu is a film that will generate a lot of reactions. There will be people who will like the story and. But there are those who don't like the movie. But we are not going to prove or explain anything, because everyone has their own opinion. I just want to say that this movie is unlike any other movie you have ever seen. If we talk about actors, then no one could play better than these people. They were able to show the story as it was seen and felt by the filmmakers. As for the plot, of course, it is not as dynamic as we would like, but this film has its pluses.
